## The Spirit of Cricket

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game.

1. There are two Laws which place the responsibility for the team's conduct firmly on the captain.

### Responsibility of captains:

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

### Player's conduct:

In the event of a player failing to comply with instructions by an umpire, or criticising by word or action the decisions of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

2. Fair and unfair play

According to the Laws the umpires are the sole judges of fair and unfair play.

The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

3. The umpires are authorised to intervene in cases of:

- Time wasting
- Damaging the pitch
- Dangerous or unfair bowling
- Tampering with the ball
- Any other action that they consider to be unfair

4. The Spirit of the Game involves RESPECT for:

- Your opponents
- Your own captain and team
- The role of the umpires
- The game's traditional values

5. It is against the Spirit of the Game:

- To dispute an umpire's decision by word, action or gesture
- To direct abusive language towards an opponent or umpire
- To indulge in cheating or any sharp practice, for instance:
  - to appeal knowing that the batter is not out
  - to advance towards an umpire in an aggressive manner when appealing

6. Violence

There is no place for any act of violence on the field of play.

7. Players

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

8. Coaches

Coaching from the sidelines is not considered to be in the spirit of the game.

## Square Leg Umpiring

There may be occasions where you may be called on to act as a Square Leg Umpire. This position is equally as important as the main umpire, and involves a number of duties, which we list below for your information. Please read carefully:

1. Count the balls bowled in each over and confer with your partner by way of a pre-arranged signal.
2. Watch for, then call and signal any short runs at your end.
3. Give descriptions on appeals for:
  - (a) Hit wicket
  - (b) Stumped
  - (c) Run out (at your end)
4. Call the signal No Ball when: the wicketkeeper does not remain wholly behind the wicket until the ball delivered by the bowler touches the bat or person of the striker, or passes the wicket or the striker attempts a run.
5. Check there are no more than two fielders behind the line of the popping crease on the on-side at the moment of delivery.
6. Be ready to give advice to your partner in instances where he/she may have been unsighted.
7. Assist the central umpire with the identification of waist high and above deliveries as 'No Balls' and signalling as to how high the ball was placed on the batter's body. For clarity, waist height is defined as the point at which the top of the batter's trousers would conventionally be when they are standing upright at the popping crease.
8. Do not act as a coach whilst Square Leg Umpiring.

Let us all remember that when we are umpiring, we are taking on the responsibility for conducting the game in a fair and orderly manner.

If interested in furthering your umpiring skills please contact Cricket Victoria

## Scoring

All teams are to provide a scorer for each match, where a scorer isn't available, it is suggested that each batting side provides two players to score the innings.

A Competition Management scoring app is available. For updates on this and instructions on how to download, please refer to the PlayCricket Website.

## CV Anti-Doping Policy

CV condemns the use of performance enhancing drugs and doping practices in sport. The use of performance enhancing drugs and doping practices is contrary to the ethics of sport and is potentially harmful to the health of athletes.

The only legitimate use of drugs in sport is under the supervision of a physician for a clinically justified purpose.

CV aims to prevent the use of performance enhancing drugs and doping practices in cricket by:

- Imposing effective sanctions on persons who commit doping offences;
- Educating and informing persons about drugs in sport issues; and
- Supporting the drug testing programs and education of ASDA and other drug testing authorities.

CV will:

- Make this Policy available to members, players, coaches, officials and medical and health practitioners.
- Develop and implement drug education and information programs for players, coaches, officials and medical and health practitioners.
- Support the initiatives of Cricket Australia to stop doping offences in sport.

Players and other persons may be subject to investigation and disciplined under this Policy.

For more information refer to the Victorian Premier cricket website (under "Rules") where the complete policy and procedures appear or contact the WCC Administrator.

## CV Health and Safety Policy

This Policy covers issues such as

- Sunsmart
- Healthy Catering
- Smokefree
- Responsible Alcohol Management
- Smartplay (Sports Safety)
- Concussion

### PREAMBLE

CV WCCC Clubs should aim to create a Healthy Environment for its members.

A welcoming and safe environment contributes to health and meets community expectations.

A healthy environment is achieved when an organisation is accessible to all community members, values its volunteers and participants, provides smoke-free areas, adopts sun-protection measures, provides healthy food choices and ensures responsible alcohol management practices are in place when conducting events or activities.

By developing a Health and Safety Policy Clubs show current and potential members it has their best interests in mind which can in turn contribute to recruiting and retaining members.

VicSport has some suitable resources and VicHealth has produced "A basic guide to creating healthy environments" brochure to assist Clubs.

## Injury Policy

### INJURY WHERE BLEEDING IS INVOLVED

Where a player or Umpire, during the course of a match, suffers an injury which causes bleeding:

- That person shall immediately retire from the match until such First Aid has been administered to prevent further bleeding.
- The injured person shall not resume her part in the match until either the bleeding has stopped or the wound is securely covered to prevent blood seepage. If there is any blood on clothing, this must be changed or equipment needs be cleaned. All cleaning materials need to be disposed of correctly by being double bagged.

### INJURY TO BATTERS

#### A. Batter unable to return

A batter who is injured and has temporarily retired under Laws of Cricket – Law 25.4.2, and who is unable to return after the fall of the ninth wicket, shall be deemed "Retired hurt" and the innings of the batting team shall be deemed closed.

#### B. Injury to batter involved in tenth wicket partnership

Where an injury occurs to a batter involved in the tenth wicket partnership, a maximum of five minutes will be allowed in order for the batter to obtain treatment.

If the batter is unable to resume after five minutes the batter will be recorded in the scorebook as "Retired Hurt" and the innings shall end.

### INJURY TO AN UMPIRE

Where an injury occurs to an Umpire necessitating the Umpire leaving the field, a competent person, on agreement between the Captains, shall be nominated to officiate if the Umpire is unable to resume after five minutes.

### REDUCTION IN OVERS

There shall be no reduction in the number of overs to be bowled or requisite period when time is lost due to injury.

### FIRST AID KIT

- ALL home teams shall have a First Aid Kit available at the ground for the use of both competing teams and umpires.
- In Semi Final and Finals both competing teams must provide First Aid Kits.

#### The suggested contents of a First Aid Kit:

Bandages, Cotton Wool, Gauze, Adhesive plaster, Band Aids, Closures, Scissors, Tweezers, Antiseptic, Disposable gloves, Ice Pack (s), Disposable Plastic bags.

### CONCUSSION INJURY

Please refer to Cricket Australia's Concussion and head trauma policy which may include Players, Officials, Spectators and Support Staff.

## Prior Permission to use a runner

- i. A player who has a permanent injury or disability who requires the use of a runner to continue to participate in WCCC matches may seek permission by applying to the WCC Administrator, who will consult the WCCCP. To be considered the application must:
  - Cover the coming season or the season in progress.
  - Be accompanied by a certificate from a registered medical practitioner which is descriptive in detailing the capacity in which the player may compete.
- ii. If approved the application will stand for the coming season or season in progress only, and must be renewed each subsequent season unless otherwise advised by the WCC Administrator.
- iii. Once approved by the WCC Administrator they will advise the player and the permit will be indicated on the WCCC website.

## Pregnancy in Cricket Policy

Players should consider continued participation in cricket during pregnancy poses theoretical risks to them and their unborn child.

It is recommended pregnant Players seek advice from an appropriately qualified medical practitioner as to:

- the risks involved in participating in cricket while pregnant.
- is it safe to continue participating in cricket while pregnant and, if so, for how long participation should continue.

Further, it is recommended Players notify their club of their pregnancy.

A checklist for this policy is available from CV for clubs.

## Age Policy

The WCCC is an inclusive competition and does not discriminate on age or ability. With an increase in girls playing cricket over recent years a pathway has been created for females, and it is important to not risk turning players away from the game. Young players can be scared or discouraged if they play at too high a level, whilst on the flip side more experienced players who want to play in a competitive environment should be able to do so.

With the availability of all-girls cricket competitions and other cricket formats for females, the WCCCP provides the following guidance on age requirements:

- Clubs are to use common sense when determining whether a player should take part in a WCCC match.
- If the player is under 15 years of age and has access to an all-girls competition, we recommend they only play in the WCCC if they have represented their region in a Victorian representative competition such as the Marg Jennings Cup and Country Cup, or their standard is at least equal to one adult team member.

The WCCC encourages mothers and daughters to play together in our competition, but if the daughter is under 15 and does not meet the standards discussed above, they can only take part in lower grade WCCC matches.

An alternative option that clubs could suggest to potential players who may not be suitable to play in the WCCC is CV Social Sixes <https://www.cricketvictoria.com.au/socialsixes> - a female only program which combines social cricket with fitness.

## CV Racial and Religious Harassment Policy

Cricket Victoria is strongly committed to ensuring all Club players, officials and members, umpires and other representatives are able to participate in cricket in an environment free of racial and religious harassment.

Racial or religious harassment at any level of our cricket, both on and off the field of play, will not be tolerated under any circumstances. Club officials and members have a responsibility to create and maintain a playing environment in which participants feel comfortable and where people respect and tolerate the rights, views and opinions of others.

For more information refer to the Victorian Premier cricket website (under "Rules") where the complete policy and procedures appear or contact the WCC Administrator.

## Player Behaviour Policy

Traditionally, cricket has aimed to maintain the highest levels of player conduct and sportsmanship. While always a very competitive game, the continued strength of the sport has relied upon the acceptance of the umpire's decision and the preparedness to play within the spirit of the game.

The areas of major concern which are unacceptable to Cricket Victoria are:

- The use of offensive language, generally as a disparaging remark to an opposing player or towards an umpire, or as an expression of frustration or self-admonishment. This includes racial or religious vilification, which is any act that is reasonably likely to threaten, disparage, vilify, offend, insult, humiliate or intimidate another person or group based on race, religion, descent, colour or national or ethnic origin.
- The questioning/disputing of the umpire's decision, often in an aggressive or sarcastic manner. This applies equally to dismissals and unsuccessful appeals as to the judgment of calls on no-balls, wides, byes, etc.
- The excessive number of frivolous and ridiculous appeals, primarily aimed at pressuring and intimidating the umpire into a favourable decision.
- The actions of the dismissed better in failing to leave the crease promptly on being given out, and equipment abuse (e.g. banging the bat into the ground or against the fence, or throwing the bat, gloves or equipment during or after her return to the pavilion).

- Send offs to a dismissed batter by the bowler or a member of the fielding side. This can often inflame the situation and lead to a more serious altercation. Whether or not such behaviour is evident in international or interstate cricket, or whether the language used is considered socially acceptable, is of little concern. The primary consideration is that cricket is played within the spirit and traditions of the game. There are two processes for reporting unsatisfactory behaviour:
  - Serious breaches (Level 1): where the umpire(s) speak to a player/coach/official regarding their behaviour but do not believe a report is necessary, the incident will be noted on the umpires' match report and the player/coach/official will receive a caution. If a player/coach/official receives three such cautions in a season, they will be reported to the WCC Administrator.
  - Serious breaches of misbehaviour (Levels 2, 3, 4) will see the player/coach/official immediately reported by the umpires. If a player/coach/official is found guilty of an act of misconduct, they will be liable for suspension as determined by a WCCC disciplinary panel.

## Unacceptable conduct

The umpire(s) shall take action with respect to any unacceptable conduct. There are four levels of offences. If either umpire considers the conduct of a player/coach/official at any time during the match unacceptable, the umpire concerned shall call and signal 'dead ball'. This call should be delayed until the umpire is satisfied it will not disadvantage the non-offending side.

The umpire concerned shall report the matter to the other umpire and together they shall decide whether misconduct has occurred. If the VWCUA has only appointed one umpire to the match, then that umpire will decide whether misconduct has occurred. If so, they shall determine into which of the levels the conduct falls, as set out below, and apply the appropriate reporting procedures.

### LEVEL 1

Any of the following actions by a player is a Level 1 offence:

- Wilfully mistreating any part of the cricket ground, equipment or implements used in the match. This includes any action outside the course of normal cricket actions, such as hitting or kicking the wickets, and any action that intentionally or negligently results in damage to boundary fences, dressing room doors, mirrors, windows and other fixtures and fittings.
- Showing dissent at an umpire's decision by word or action. This includes:
  - excessive, obvious or inappropriate disappointment with an umpire's decision
  - an obvious delay in resuming play or leaving the wicket
  - shaking the head
  - pointing or looking at the bat or body when given out
  - snatching a cap from the umpire
  - indicating a referral to a 'TV umpire' by word or gesture
  - arguing or entering into a discussion with the umpire about the decision.
 It is not a defence to show that the umpire made an incorrect decision.
- Using language that, in the circumstances, is obscene, offensive or insulting, making an obscene gesture (includes audible or repetitious swearing, and obscene gestures which are not directed at another person, such as swearing in frustration at one's own poor play or fortune. This offence is not intended to penalise trivial behaviour. When assessing the seriousness of the breach, the umpire shall take into account the context of the particular situation and whether the words or gesture are likely to be regarded as obscene, give offence, or insult another person).
- Appealing excessively: advancing towards an umpire in an aggressive manner when appealing (including repeated appealing or celebrating or assuming a dismissal before the decision has been given. It is not intended to prevent loud or enthusiastic appealing).
- Pointing or gesturing by a bowler or fielder to the batter upon dismissal.
- Any other misconduct, the nature of which is, in the opinion of the umpires, equivalent to a Level 1 offence.

### LEVEL 2

Any of the following actions by a player is a Level 2 offence:

- Showing serious dissent at an umpire's decision by word or action. Dissent, including those listed as a level 1 offence, are classified as serious when the conduct contains an element of anger or abuse that is directed at the umpire or umpire's decision, or where there is excessive delay in resuming play or leaving the wicket or where there is persistent reference to the incident over time. It is not a defence to show that the umpire made an incorrect decision.
- Making inappropriate and deliberate physical contact with another player. Cricket is a non-contact sport, and inappropriate physical contact of a serious nature will not be tolerated. Without limitation, players will breach this regulation if they deliberately walk or run into or shoulder another player. Accidental or genuinely unavoidable physical contact that occurs during the course of play shall not be considered an offence under this level.
- Throwing the ball or any other item of cricket equipment at a player, umpire or another person in an inappropriate and dangerous manner. This offence does not prohibit a fielder or bowler from returning the ball to the stumps in the normal fashion.
- Using language or gesturing to another player, umpire, team official or spectator that, in the circumstances, is obscene or of a serious insulting nature. It is acknowledged that there will be verbal exchanges between players in the course of

play. Rather than seeking to eliminate these exchanges entirely, umpires will report conduct that falls below an acceptable standard. This offence is not intended to penalise trivial behaviour. When assessing the seriousness of the breach, the umpire shall take into account the context of the particular situation and whether the words or gesture are likely to be regarded as obscene, give offence, or insult another person.

- Or any other misconduct, the nature of which is, in the opinion of the umpires, equivalent to a Level 2 offence.

### LEVEL 3

Any of the following actions by a player is a Level 3 offence:

- Intimidation or attempted intimidation of an umpire by language, behaviour or gesture.
- Threatening to assault a player or any other person except an umpire.
- Using language or gestures that offend, insult, humiliate, intimidate, threaten, disparage or vilify another person on the basis of that person's race, religion, gender, colour, descent, sexuality or national or ethnic origin.

### LEVEL 4

Any of the following actions by a player is a Level 4 offence:

- Threatening to assault an umpire.
- Making inappropriate and deliberate physical contact with an umpire.
- Physically assaulting a player or any other person.
- Committing any other act of violence.
- Using language or gesture to another player, umpire, team official or spectator that, in the circumstances, is obscene or of a serious insulting nature. It is acknowledged that there will be verbal exchanges between players in the course of play. Rather than seeking to eliminate these exchanges entirely, umpires will report conduct that falls below an acceptable standard. This offence is not intended to penalise trivial behaviour. When assessing the seriousness of the breach, the umpire will take into account the context of the particular situation and whether the words or gesture are likely to be regarded as obscene, give offence, or insult another person.
- Where the facts of the alleged incident are not adequately or clearly covered by any of the above offences, conduct at any time that is contrary to the spirit of the game, unbecoming of a representative or official, could be harmful to the interests of cricket, or does or could bring the game of cricket into disrepute. (This is intended to be a catch-all provision to cover all types of misconduct of a serious nature that is not (and because of its nature, cannot be) adequately covered by the specific offences set out elsewhere in this Player Behaviour Policy.).

## Action by umpire(s)

### LEVEL 1

If a Level 1 offence is committed, the umpire(s) shall inform the offending player's captain that an offence at this Level has occurred and that the offending player's behaviour will be mentioned on their umpires report.

### LEVEL 2

If such an offence is committed, the umpire(s) shall inform the offending player's captain that an offence at this Level has occurred and that the offending player will be reported to the WCC Administrator.

### LEVEL 3

If a Level 3 offence is committed, the following action will be taken:

The umpire shall call Time, if necessary.

The umpire(s) will inform the offending player's captain that a Level 3 offence has occurred, and that the offending player will be reported to the WCCC Administrator.

The umpires will direct the captain to remove the offending player immediately from the field of play, as follows:

- In a match where the innings are limited to a number of overs, the player shall be suspended for one fifth of the number of overs allocated to the current innings at its commencement. If, in calculating the length of the suspension, a part-over results, it shall be considered to be whole over. Any deliveries remaining in the over in progress at the time of suspension shall not count towards the overs for which the player is suspended.
- If the offending player is a fielder, no substitute shall be allowed for them. The offending player may return to the field of play after serving the period of suspension, and may bowl immediately.
- If a bowler is suspended mid-over, that over must be completed by another, who shall not have bowled the previous over nor shall they bowl the next over.
- If the offending player is the not out batter, they will be replaced by another member of her team. The offending player may return to bat after having served the suspension, but only at the fall of a wicket. If no batter is available to bat during a batter's suspension, the innings is completed. If the offending player does not continue their innings for whatever reason, they are to be recorded as Retired – Not Out.
- If the offending player is a dismissed member of the batting side, the period of suspension will not commence until the start of the next innings. Furthermore, in these circumstances, the offending player may not act as a runner during the innings when he/she was suspended.

- Any overs remaining to be served from a suspension shall be carried forward to the next and subsequent innings of the match. A part over at the end of the innings shall not count towards the overs for which the player is suspended.

#### LEVEL 4

If a Level 4 offence is committed, the following shall be implemented.

The umpire shall call Time, if necessary.

The umpire(s) shall inform the offending player's captain that an offence at this Level has occurred and that the offending player will be reported to the WCCC Administrator.

The umpires shall instruct the captain to remove the offending player immediately from the field of play for the remainder of the match, and shall apply the following:

- If the offending player is a fielder, no substitute shall be allowed for her. They are to be recorded as Retired – Out at the commencement of any subsequent innings in which their team is the batting side.
- If a bowler is suspended mid-over, that over must be completed by a player who did not bowl the previous over, and who may not bowl the next over.
- If the offending player is a batter and has not been dismissed, they are to be recorded as Retired – Out in the current innings and in any subsequent innings in which their team is the batting side. If no further batters are available to bat, the innings is completed.

#### SUMMARY

The recruitment and retention of umpires has become increasingly difficult and it is certainly not being made any easier by the unacceptable levels of player conduct. Few people are willing to continually subject themselves to the childish behaviour and offensive language which is too frequently prevalent on and beyond the cricket field.

All players can play a role in raising the general standard of umpiring and the level of experience within the VWCUA umpiring panel by lifting their personal level of behaviour and allowing the umpires to concentrate on those aspects of the game for which they are most responsible.

Umpires have been instructed to take a firm stance on player misconduct, especially offensive language and disputing decisions.

All players should be aware of the standards expected by Cricket Victoria. Any player called to appear before the tribunal can expect little sympathy and, if found guilty, a period of suspension.

It is the responsibility of everyone involved with the WCCC — club officials, team captains and especially the players — to ensure that the levels of conduct and sportsmanship traditionally inherent in the game are maintained.

A player must have represented her club in at least one-third of matches during the season in that format to be eligible for Semi-Final/Final matches but the WCCCP may grant an Eligibility permit, AR7.8 (c) (where the required number of matches have not been played) in order to avoid teams being short of players for Semi-Final and Final matches. Under no circumstances will such a permit be granted to a team that has twelve players available who have played the required number of matches during the season.

##### (b) Matches played in a higher grade

At the end of Home and Away matches a player that has played more than half of the number of matches fixtured in that format in a higher grade of cricket or in CV Premier Cricket becomes a member of that team, and cannot transfer, back to a lower grade or WCCC team without a permit from the WCCCP. Should a club break this rule they will be deemed to have played an ineligible player and will therefore forfeit the match. If the match is a Semi Final their opponent will progress to the Final. If a Final they will lose this match. Note: Any matches played in a higher grade, as a representative player replacement. (as per MR 9) shall not be included in the calculation of qualification.

##### (c) Request for Eligibility permit – requirements

Club Administrators are responsible for submitting the request for an eligibility permit no later than 48 hours before the commencement of the match outlining the reasons behind the request for the permit and listing all players who have played the required number of matches and any reasons they are not available. The WCCCP may take into consideration lowering the number of matches if the player was listed in the player list of a club in the competition management where the opposition forfeited the match.

- Should a permit be requested, the Club Administrator must specify if it is required for the Semi Final, and, if the team moves into the Final, for the final as well.
- Any games played at a higher level must be specified in the permit application.
- Should the permit request not conform to the requirements of this rule it will not be considered.
- If granted, the WCCC Administrator will list the permit on the WCCC website.

##### (d) Playing in a Lower Grade

If a Club has more than one team in consecutive WCCC grades playing in semi-finals and final matches, players may represent their Club in any designated team. Once a team has been eliminated from semi-finals then the normal Home and Away qualifications apply for that club.

#### 7.9 ELIGIBILITY FOR ROUNDS PLAYED AFTER CHRISTMAS

After the Christmas break eligibility to play will be as follows for Clubs with two or more teams.

Note: If a Club fields teams in both the CV Premier cricket competition and the WCCC, teams playing in the CV Premier cricket competition are deemed to be playing in a higher grade than WCCC teams.

- Players who have played all matches prior to Christmas in a higher grade/s cannot play in a lower grade at any stage after Christmas without receiving a permit from the WCCCP. Clubs must state the grounds for the permit being applied for no later than 9pm Wednesday on the week leading into the next weekend.
- Any permit that is granted for a player in a higher grade to be dropped to a lower grade may be conditional in terms of how long the permit is for and/or what involvement the player has in the match.

- Two bowlers may bowl no more than (6) overs.

**Note:** When the number of overs is revised during the first innings so both teams have the opportunity to face the same number of overs, and one or more bowlers have already exceeded the revised limit, the same number of bowlers in the second innings may match these overs.

### (d) Interrupted match – team batting second

Where the number of overs for the team batting second is revised after the conclusion of the first innings, the number of overs per bowler in the second innings will be calculated as per Table 2 – 40 Over One Day matches, or Table 4 – 36 Over One Day matches - Maximum number of overs per bowler.

### (e) Bowler unable to complete an over

In the event of a bowler for any reason being unable to complete an over, another bowler will bowl the remaining balls from the same end. **(a) Length of Innings – uninterrupted match**

Each team shall bat for twenty (20) overs unless dismissed earlier.

If the team...	.. then the team	If the team...	.. then the team

**(e) Team batting first**

**(c) Over allocation per bowler (interrupted match)**

In a match where there is a delay to the start, or an interruption to play in the first innings causes the reduction of the number of the allotted overs for both teams to less than twenty (20):

- no bowler may bowl more than one fifth of the allotted overs.
- When the overs are not divisible by five, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance. e.g. In a twelve (12) over match, two bowlers may bowl three (3) overs, and no other bowler may bowl more than two (2) overs.

When the number of overs is revised during the first innings such that both teams have the opportunity to face the same number of overs, and one or more bowlers have already exceeded the revised limit, the same number of bowlers in the second innings may match these overs. e.g. the revised limit is two (2) overs, but one bowler has bowled four (4) and another three (3). In the second innings one bowler may bowl four (4) overs and another may three (3), no other may bowl more than two (2).

### 13.9 NO-BALLS AND WIDES

**(a) Definition and allowance – fast short pitched delivery**

A bowler shall be allowed to bowl one fast short pitched delivery per over. A fast short pitched delivery is defined as a ball that would have passed above the shoulder height of the batter standing upright at the crease, but not clearly above the batter's head.

**(b) No-ball**

In the event of the bowler bowling more than one fast short pitched delivery in an over, the Umpire shall call and signal a no ball regardless of whether the batter hits the ball. The penalty shall be one run for the "No Ball" plus any runs scored from the delivery. Any cautionary or other action is to be implemented by the bowler's end Umpire. Note: This is not a substitute for Law 42.6 which umpires may apply at the time.

**(c) Wide**

- (i) Any delivery which, after pitching, passes or would have passed over the head height of the striker standing upright at the popping crease shall be called a wide. Such a delivery shall be counted in the fast short pitched limit of one allowed as in MR 12.9 (a).
- (ii) If a bowler delivers a ball not being a "no ball", the umpire shall adjudge it a wide if any ball passes wide at the popping crease. As a guide:

**ALL GRADES:**

- From off stump 91.5 cm - (3 ft).  
From leg stump 76 cm (2 ft 6 inches).

**Note:** It is understood in some instances these margins may be outside the playing surface.

If the umpire adjudges a delivery to be a wide he shall call and signal Wide ball as soon as the ball passes the striker's wicket.

**(d) Restriction of fielders on leg side**

At the instant of the bowler's delivery there shall not be more than five (5) fielders on the leg side. In the event of infringement of this law the officially appointed Umpire shall call and signal No Ball.

### 13.10 "FREE HIT"

**(a) No ball foot fault– free hit**

The delivery following a no-ball called for a foot fault (Laws of Cricket 21.5) shall be a "free hit" for whichever batter is facing. If the delivery for the free hit is not a legitimate delivery (any kind of no ball or a wide ball), then the subsequent delivery will become a "free hit" for whichever batter is facing it. The Umpire will advise the on strike batter of the "free hit".

**(b) Foot fault no-ball**

Should a foot fault no ball occur on the 8th delivery of an over the requirement for this no ball shall be invoked immediately and the bowler shall bowl a further 9th ball in that over. Should another illegal delivery (wide or no ball) occur the over shall continue until the free hit has been utilized.

**(c) Dismissed from a "free hit"**

For any free hit the striker may only be dismissed under the circumstances that apply to a no ball, even if the delivery for the "free hit" is called a wide ball.

**(d) Field changes**

Field changes will only be permitted for a "free hit" delivery where a different batter is on strike for the "free hit" delivery.

### 13.11 RESULT

**(a) Teams receiving equal overs**

When there is no interruption after play has commenced and when both sides have had the opportunity to bat for the same agreed number of overs, the team scoring the higher number of runs (including penalty runs as per MR 13.4[b]) shall be the winner. The result will be a tie, irrespective of wickets lost, if the same number of runs have been scored.

**(b) Team batting second receiving less overs than team batting first**

Where there is a reduction of overs so the team batting first faces a minimum of ten (10) overs and the number of overs in the second innings is reduced to less than ten (10) and both captains agree a win is not possible, the match shall be declared a "draw".

**(c) Target Score**

(i) In a Match where an interruption to the innings of the team batting second occurs, a Target Score, relevant to the allowable overs shall be determined. To win the match, the team batting second must achieve the Target score.

**Note:** Calculation form for Target score is available on the WCCC website: Umpiring>Forms for Umpires.

(ii) The Target Score is calculated from the run rate per over of the team batting first:

CALCULATIONS			
Run rate team batting first =	Number of runs divided by Overs faced	Target Score =	Number of overs available to the team batting second multiplied by run rate of team batting first+ 1 (rounded up to the nearest whole number)

(i) Should the team batting first be dismissed in less than 20 overs the remainder shall be deemed to have been received, i.e. the Target Score shall be calculated using 20 overs.

(ii) Where the recalculated overs for the team batting second are fewer than 10 completed overs the Target Score shall be calculated on a minimum of 10 overs.

(iii) The result shall be:

(a) A win if the Target Score is reached or passed;

(b) A loss if the Target Score is not reached;

(c) a "draw" if the batting team does not achieve the Target Score nor the bowling team dismiss the batting team if the recalculated overs is less than 10

**(d) End of Play**

Once a result is achieved play will end.
